Plastic Storage Box with backrest

Compatible with most larger ATV's. Quick attach system. Locks with 2 keys included. 32" Wide, 21" Deep, 11.25" Tall.

Description	Part #	Price (D)
Plastic Storage Box with Backrest	058424	\$219.99

Plastic Storage Box with Seat

Dual compartments. Compatible with most larger ATV's Dual lock system. 36" wide, 18" deep, 16" tall.

Description	Part #	Price (D)
Plastic Storage Box with Seat	19-1081	\$279.95

Trapper Box

Built in enclosure for gas or water containers 1-imp.gal. Locking lid. Molded in carry handles. Mold in hinges. U-Bolts for permanent mounting. Includes gas jugs. 32" wide, 15" deep, 5¾" tall.

Description	Part #	Price (D)
Trapper Box	33-02500	\$139.95

Front Mount Box

Locking lid & foam easy grab handles. Interchangeable for most racks with no adjustments. Side reflectors. 32" wide, 15" deep, 5.75" high.

Description	Part #	Price (D)
Front Mount Box	33-02490	\$139.95

Sportsman P3 Polaris Composite Box

- No assembly required.
- Large access door.

Description	Part #	Price (D)
Sportsman P3 Polaris Composite Box	33-02120	\$209.95

Classic Quad Case

- Easy installation. Colour: Black.
- Mould-in handles. Lockable latches. Deluxe cushions.
- Approx. Dimensions: 38" Long x 24" Deep x 5½" High Centre.

Description	Part #	Price (D)
Classic Quad Case	33-03320	\$229.95

Executive Quad Case

- Made with easy to clean, high impact resistant polyethylene.
 - U.V. stabilized.
 - No assembly required.
 - Quick strap system allows case to be fastened or removed in seconds.
 - Removable vinyl upholstery.
 - Storage compartment removes to allow for additional space for relaxing while stopped.
 - Dimensions: 35.5" x 15.5" x 15".
- Color: Black

Description	Part #	Price (D)
Executive Quad Case	33-02100	\$289.95

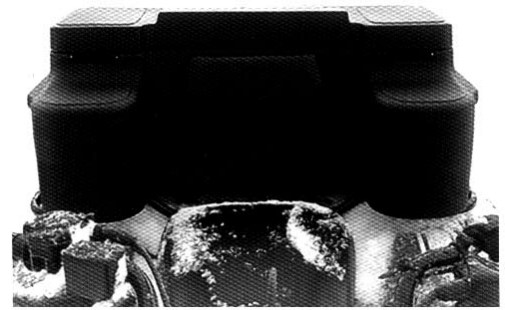

Deluxe ATV Trunk

- Made of Black resistant polyethylene.
- Side lids open from rear to front.
- The inside rear portion is empty from side to side so you can put a fishing rod or an axe in it.
- Comes standard with rear parking light molded in the top rear of the trunk.
- Just below the rear light, there is a place to put a license plate.
- The inside box, is large enough to fit a small full face helmet.

Description	Part #	Price (D)
Deluxe ATV Trunk	158425	\$339.99

Sportsman Rear Wrap Box

No assembly required. Large access door.
Dimensions: 35.5" x 15.5" x 16". Colour: Black

Description	Part #	Price (D)
Tamarack Lounger	33-02110	\$209.95

Tamarack Front Fuel-R

- Two – 4 litre fuel cans are included, with room for extra tie downs, tools, or ropes.
- Extend your travelling range and increase storage.
- The fuel cans are secured – no risk of upset
- The Front Fuel-R is vented, for safety and to avoid vapor build-up.
- Colour: Black. 34¾" L x 14¼" W x 10" H.

Description	Part #	Price (D)
Tamarack Front Fuel-R	11-100-01	\$199.95

Tamarack Front Quad Trunk

The ideal trunk for:

- Tow straps
- First aid kits
- Deer scent
- Tools
- Flares

And much, much more!

The rider can easily reach over and open the Front trunk right from the seat of your ATV.
Colour: Black. 33¾" L x 14½" W x 15" H.

Description	Part #	Price (D)
Tamarack Front Quad Trunk	10-100-01	\$176.31

Tamarack Wrap Around Trunk

- Ultra-Durable Polyethylene will not crack, warp or dent under extreme climates.
- 50–100% thicker than most competitors.
- Largest storage capacity of the Tamarack line. Designed to comfortably hold over 250 pounds.
- Colour: Black. 34½" L x 13¾" W x 14" H.

Description	Part #	Price (D)
Tamarack Wrap Around Trunk	14-100-01	\$299.95

Tamarack Standard Quad Trunk

The original Tamarack Storage Trunk! The Standard trunk has almost as much storage space as the Wrap-Around trunk, just without the U-shaped armrest. This comes in handy for riders who prefer plenty of space behind them while riding aggressively. Colour: Black. 34½" L x 13¾" W x 14" H.

Description	Part #	Price (D)
Tamarack Standard Quad Trunk	12-100-01	\$269.95

Tamarack Lounger

- The ultimate storage and seating devices for your ATV.
- Designed for the rider at rest; great for ice fishing, bird watching or simply relaxing after a long ride.
- Ample storage space is located in the roomy armrests and chair back.
- Fits all popular ATV models. Colour: Black.

Description	Part #	Price (D)
Tamarack Lounger	15-100-01	\$339.95

Wes Classic Standard Seat

This large storage box can easily store two helmets and a gas can (included), or a cooler for your meals. The ergonomic design and profile ensure a great riding comfort. This unit is equipped with an integrated wind protector for your hands and rear brake light well placed on the box cover for maximum visibility.

- Rear light
- Key lock lid
- Security Reflectors on Sides and Rear
- Easy-to-use Elastic Strapping System
- Assembly Kit includes ready-to-plug-in wiring
- Physical Dimensions: 107cm x 69cm x 43cm

Description	Part #	Price (D)
Standard Seat	33-04000	\$339.95

ATV Cargo Box

- Physical Dimensions: 95cm x 57cm x 36cm high
- 75 L Capacity
- Black Polyethylene

The All-New Warn ATV Winch Line

The Warn 15 Series

Perfect for sport quads and small ATVs

RT15

With its versatile wire rope and strong 1,500 lb. line capacity, the RT15 is the perfect tool for sport quads and smaller ATVs. The RT15 has a three-stage planetary geartrain to ensure reliability, an efficient electrical system for less battery drain, a sealed motor that will keep the elements out, and a mechanical brake to prevent rollback. All these features mean the RT15 will pull through for you time after time. Best of all, it has legendary WARN quality, so you can be assured you're buying the best lightweight winch on the market.

XT15

The XT15 has a 1,500 lb. pulling capacity and lightweight, easy-to-handle synthetic rope, making it perfect for recovering a stuck sport quad, small ATV, or lifting a plow blade. With standard features such as a mechanical brake to prevent rollback, a 3-stage planetary geartrain for reliability, a sealed motor to keep the elements out, and a handlebar-mounted mini-rocker control switch, you can be sure you're getting a powerful, dependable winch that'll let you go prepared.

The Warn 25 Series

The Industry Standard for ATVs

RT25

This is the winch you want when you need to pull up to 2,500 lbs. using wire rope. As the industry standard, this unit is great for pulling a heavy load or recovering a stuck ATV. Features include our patent-pending brake to hold you on steep inclines, a reliable all-metal 3-stage planetary geartrain, an efficient electrical system that allows for longer pulls with minimal battery drain, and a handlebar-mounted mini-rocker switch for great control.

XT25

You can hit the trail with confidence when you've got the premium XT25. Its lightweight, easy-to-handle synthetic rope is great for pulling an ATV out of a sticky situation, and the rope's flexibility is perfect for plow lifting. Its fast line speed means you'll be out of trouble and back on the trail in a hurry. There's no reason to worry about rollback either, thanks to our patent-pending disc brake. Full sealing protects the XT25 from the elements, and its dependable all-metal 3-stage planetary geartrain and efficient electrical system provide long, powerful pulls with less battery drain.

The All-New Warn ATV Winch Line

The Warn 30 Series

Ultimate Power to Recover the Biggest ATVs

RT30

With a mammoth 3,000 lb. pulling capacity, 50' of durable aircraft-grade wire rope, and a convenient handheld remote, the RT30 has the features you need to get the job done in the field and on the trail. No matter what the situation, the RT30's full sealing means the winch is prepared to do battle against the elements, and it's all-metal 3-stage planetary geartrain will provide countless years of smooth, reliable operation. The patent-pending brake prevents rollback and will hold your vehicle securely on inclines. A standard handheld wired remote and handlebar-mounted mini-rocker switch increases your winching options so you can get the job done right.

XT30

When you want the top-of-the-line ATV winch, you'll want the XT30. With features like our patent-pending Wireless Control System and 3,000 lb. line capacity, you'll be able to pull the biggest ATVs out of the muck from anywhere within a 50' radius. When your vehicle gets stuck, you'll be glad you have the XT30's lightweight, easy-to-handle synthetic rope, which is also great for plow lifting. Full sealing will keep the elements out and an all-metal 3-stage planetary geartrain will keep the winch running smoothly for years. And When the hills get steep, the winch's confidence-inspiring, patent-pending disc brake will hold you securely so you don't roll back.

K299 Bear Claw 6-Ply

- Updated for 2002, the new Kenda Bear Claw packs a 6 ply rating for meaty performance.
- Aggressive tread design provides beefy hook up packed into one of the meanest tires available.
- No matter what the terrain or riding conditions, the Bear Claw gives you all the traction and performance you need.

ITP 489

ITP489

- The tire of choice for enthusiasts wanting a smooth ride.
- Round profile enhances steering characteristics.
- Combines high traction, good shock absorption and excellent stability.
- AT489 rear features proportionally spaced bar lugs to provide increased traction.
- OEM for Polaris and Arctic Cat.

Mudlite

- Computer designed and manufactured in the USA
- The lightest, most aggressive 6 ply tire available today
- Unique center tread contact area provides radial-like ride
- Angled shoulder lugs provide unmatched mud-traction
- The most affordable, toughest all conditions tire available for your ATV
- ATs use 22/32" lugs, XLs use 34/32" lugs

Mudlite XTR (Extreme Terrain Radial)

- The industry's first **Extreme Terrain Radial** tire
- Results from some of our most extensive research & development efforts ever
- Combines the award winning technology of our Mud Lite & 589 M/S to produce the smoothest riding mud tire on the market today
- Super-aggressive tread design features deep, angled, grooved lugs to achieve an exceptional level of traction
- Light in weight yet still 6-ply tough!
- Two diameters provide you with the ability to tailor a tire choice to your specific riding requirements. The 12-inch option is ideal for primarily muddy conditions, offering better flex & more flotation. The revolutionary 14-inch model is an excellent all-around trail/mud choice, with its lower-profile sidewall resulting in reduced flex & a dramatic improvement in handling & rider confidence
- Radial construction means the Mud Lite XTR rides smoothly & finds more traction than a bias-ply tire because of a larger contact patch. A radial tire's footprint actually grows under load!

K573 Bear Claw EX

- New rear specific tread pattern designed for aggressive riding in mixed terrain
- Ramp edge centre knobs for reduced rolling resistance
- Raised ribs in tread open areas for additional casing protection
- High sidewall casing protector to resist punctures
- Bead rim saver
- 6-ply rated extra tough casing to resist punctures
- Long-range compound
- 3D rendering, tire in production

K538 Executioner

- Designed to meet the demands of the most aggressive 4x4 riding terrain.
- New tread designs for deep-down traction in the muddiest of conditions.
- Reinforced knobs to reduce knob roll over at low pressure; better riding comfort and increased tread life.
- Dimple-tread surface for improved traction on dryer conditions.
- New 2+2 casing for increased puncture resistance and improved handling.
- New rim saver feature for protection against rock and rut damage.

Mudzilla

- Raised outline white lettering
- Massive tread bars, give the maximum traction in mud and a smooth ride on hard pack surfaces
- Specifically designed tread pattern constructed to flex more in mud accumulating areas
- A full 1.5 inch of tread depth
- 6 Ply rating for worry free puncture resistance
- Rim guard for maximum protection
- Reinforced carcass ridge (RCR) technology delivers strength, reduces weight and sheds mud
- Step-down tread pattern adds to the lug strength
- Deep shoulder wrapping tread bars give the traction needed to pull through deep ruts.

Maxxis Mud Bug

- 6 ply rating for excellent puncture resistance
- Reinforced Carcass Ridge (RCR) Technology delivers strength, reduces weight and sheds mud
- Dual Stage Lugs (DSL) add to the overall tread lug strength
- 27" tire height provides additional ground clearance
- Sweeping, angled tread bars leave mud out from the tread, enabling riders to tackle the most extreme riding conditions

Swamp Fox All Season

- Advanced tread design goes through the most difficult terrain without bogging down
- Computer-enhanced tread pattern for stability and traction at any speed
- Reduced weight and deep tread reduces stress on drivetrain parts
- Dimpled, reinforced lugs give more biting edges for exceptional grip on muddy and hard-packed ground
- Aggressive shoulder knobs add side bite in deep ruts and protect against punctures
- Rugged six-ply natural rubber compound for superior puncture resistance and maximum durability
