# Drive Belts

**CARLISLE**

## See The Difference... Feel The Results!

Built for quicker acceleration. Double cog Ultimax 3 belts feature a thicker cross section than flat bottom designs. More surface contacts the clutch. That means less slippage over a broader speed range for quicker acceleration. Cooler for more power. Heat build-up in drive belts cost horsepower. The unique double cog design of our Ultimax 3 belt dissipates heat and aids flexibility. Cooler running belts - over 10 degrees cooler than flat-top designs - mean better performance and longer lasting belts. Better flexibility cuts energy loss, allowing more horsepower transfer from the drive clutch to the secondary clutch.

### Ultimax XS \$129.95 (G)

Today's high horsepower machines can outperform yesterday's drive belts. The Ultimax tradition of quality and innovation continues with the new Ultimax XS. It's the belt you've been waiting for to deliver peak performance and dependability never before available. Ultimax XS has increased strength and is built with new heat tolerant materials. With a revolutionary new compound, extra strong Aramax cord, and new manufacturing processes, Ultimax XS will run cooler, longer and faster. Extensive lab and field testing have proven that Ultimax XS can withstand the punishment that today's super-sleds dish out.

### Ultimax4 "Double Cog Performance" \$90.59 (G)

Knowledgeable snowmobilers agree - the drive belt of choice for high performance is the Ultimax. Run cool, run long, run fast. For high performance sleds, the top choice is the top-cog Ultimax 3!

### The Incredible Max 3 Tour de Force \$48.95 (G)

For general service machines - air cooled under 500cc - choose the Max 2. Its notable strength and tensioning suits lower horsepower machines. This belt powers more snowmobiles than any other aftermarket drive belt in the world! Added flexibility of the new double cog design runs cooler and lasts longer. Each belt meets exacting tolerances, using only the best rubber compounds and a tough ARAMAX cord. Expect longer life on virtually all general service machines.

### Dayco® XTX (Extreme Torque) \$129.95 (G)

Introducing Dayco's revolutionary XTX high horsepower drive belt. Bred from a rich history of experienced belt builders, the new XTX is specifically engineered to maximize the performance of high horsepower snowmobiles. Beating the competition on the CSRA race course is just one of many aspects that set the XTX belt apart from its competition. Specially formulated high temperature Polymer along with the highest level of engineered reinforcement proves to perform better in belt operating temperature and efficiency than leading competitors. Its innovative break-through design of deeper cogs on top and rounded cogs on the bottom yield the advantages of ultimate flexibility and longer belt life.

### Dayco HPX \$89.95 (G)

DAYCO HPX (High Performance Extreme) Snowmobile Belts Featuring Dayco's TOP COG design for increased flexibility and longer belt life, this high horsepower belt is constructed with over-sized p-aramid cords and CVT rubber compounding to deliver the increased strength and durability that's required to stand up to today's higher snowmobile engine RPM's and operating temperatures. Enjoy the exhilaration that comes from knowing that when you need to "clutch-down", the DAYCO HPX Snowmobile Belt will deliver a full range of power to attack any terrain without a loss of horsepower.

This DAYCO HPX Snowmobile Belt has been carefully inspected at the factory and has met rigid manufacturing specifications. The DAYCO HPX Snowmobile Belt is covered by a limited one-year warranty.

### Dayco HP \$49.95 \$49.95 (G)

DAYCO HP (High Performance) Snowmobile Belts Manufactured from aramid reinforced polychloroprene rubber compound and p-aramid cord to ensure superior strength, long-lasting dimensional integrity and longer belt life, this snowmobile belt ensures the dependable, smooth performance that you and your family prefer for leisurely, carefree days of trail riding.

This DAYCO HP Snowmobile Belt has been carefully inspected at the factory and has met rigid manufacturing specifications. The DAYCO HP Snowmobile Belt is covered by a limited one-year warranty.

## High Performance / Special Compound Belts

### Speedwerx Arctic Cat Belts

Designed to replace Stock Arctic Cat 020 & 031 belts, these are wider, longer and available in two different compounds. Belts work best for drag racing & Sno-X applications.

Description	Part #	Price (D)
Hard Compound	SPX8989	\$111.99

### Speedwerx ACT Diamond Drive Arctic Cat Belts

Available for all 10.4" secondary clutch machines. These belts come with Speedwerx top secret compounds for trail and race applications. Belts are longer & wider than OEM belts, which offers a lower starting ratio for better acceleration. The compound length & width help prevent or reduce the huge belt slippage problems most of the diamond drive units have! Some units may require shimming with these new belts. If you have any questions, please contact our tech line.

Fits models with 10.4" Secondary Clutch	Part #	Price (D)
2005-06 Firecat (Trail)	ACTBLT-1	\$168.61

### Hot Seat Polaris Belts

**1-5407** – Standard length belt for models with a 12" center to center distance. Features a harder compound than the 3211045 belt. This belt will increase shift RPM by 100-200 RPM and gives longer belt life while running cooler.

**1-5406** – Made to fit the Storms and domestic twin motors with a 12.5" center to center distance. Features a softer compound than the stock 3211065 belt. An excellent belt to help limit belt slippage for drag racing.

**P-74 STD** – Soft compound overdrive belt for 12" center to center models. Softer compound than stock for better hook up and less belt slippage. Allows the clutches to shift out to a higher 1:18 ratio for more top speed with stock gearing or gear down for better acceleration and achieve stock top speed. Recommended for 2 cylinder models.

**1-5410** – Hard compound overdrive belt for 12" center to center models. Has the same qualities as the BLT 3, but harder compound made for higher horsepower 3 cylinder motors.

Description	Part #	Price (D)
1-5407	BLT1	\$101.25
1-5406	BLT2	\$101.25
P-74 STD	BLT3	\$101.25
1-5410	BLT4	\$101.25
