## UNI – ATV Air Filters

Uni ATV air filters are unsurpassed in airflow, dirt stopping and overall performance. And they produce MORE HORSEPOWER and MORE TORQUE\* than any other air filter. Uni's revolutionary two stage air filter is the only filter that comes apart for maximum airflow and ultimate cleaning. To complete the winning combination, apply Uni oil and Uni cleaner.

## UNI FILTER Pods

**Seamless** design provides maximum air flow and fits most Mikuni and Keihn carburetors. Durable vinyl mounting base for longer life and better fit. All Two-Stage filters have a removable outer filter for longer range between cleaning. A great option when **Powder Snow** riding!!!  
Colour: Black.

**K&N Stock-Replacement Air Filters for ATV**

- K&N air filters are high-flow washable filters that have been proven to be the finest in the world.
- Accordion design provides 5 times the filtering surface of non-pleated filters.
- Dirt and large particles will not clog the filter as quickly due to oiled, premium cotton gauze.
- Unaffected by moisture, even after being completely wet, the filter will not need replacement.
- Backed by K&N's Million Mile Warranty.
- Cleaning is recommended once a year (based on average use), keeping service to a minimum.

## K&N Stock-Replacement Air Filters for ATV

- K&N air filters are high-flow washable filters that have been proven to be the finest in the world.
- Accordion design provides 5 times the filtering surface of non-pleated filters.
- Dirt and large particles will not clog the filter as quickly due to oiled, premium cotton gauze.
- Unaffected by moisture, even after being completely wet, the filter will not need replacement.
- Backed by K&N's Million Mile Warranty.
- Cleaning is recommended once a year (based on average use), keeping service to a minimum.

## K&N Stock-Replacement Air Filters for Motorcycles

- K&N air filters are high-flow washable filters that have been proven to be the finest in the world.
- Accordion design provides 5 times the filtering surface of non-pleated filters.
- Dirt and large particles will not clog the filter as quickly due to oiled, premium cotton gauze.
- Unaffected by moisture, even after being completely wet, the filter will not need replacement.
- Backed by K&N's Million Mile Warranty.
- Cleaning is recommended once a year (based on average use), keeping service to a minimum.

## K&N Stock-Replacement Air Filters for Motorcycles

- K&N air filters are high-flow washable filters that have been proven to be the finest in the world.
- Accordion design provides 5 times the filtering surface of non-pleated filters.
- Dirt and large particles will not clog the filter as quickly due to oiled, premium cotton gauze.
- Unaffected by moisture, even after being completely wet, the filter will not need replacement.
- Backed by K&N's Million Mile Warranty.
- Cleaning is recommended once a year (based on average use), keeping service to a minimum.

## Powerlids

1. ATV XSTREAM® POWERLID® - The ATV XStream Powerlid incorporates a K&N High-Flow Air Filter with an airbox lid that is designed to replace potentially restrictive stock airbox lids and intake snorkels. Use our application search to find a K&N Powerlid for your ATV.

2. Each XStream Powerlid includes a K&N DryCharger® and the necessary carburetor jets to properly tune your ATV.

3. K&N OE REPLACEMENT ATV FILTERS - K&N High-Flow Air Filter's pleated cotton design offers a larger surface area over a foam air filter and provides outstanding engine protection. K&N OE Replacement ATV Air Filters fit directly in your ATV's stock airbox, require no airbox modifications and are designed with an application specific sealing surface to ensure an airtight fit. For premium airflow and filtration, use the Powerlid with a K&N OE Replacement Air Filter. Use our application search to find a K&N replacement air filter for your ATV.

## K&N Stock-Replacement Oil Filters for Motorcycle

- State of the art filtration paper designed for maximum flow, yet dirt efficient to meet or exceed OEM specifications.
- Compatible with the latest synthetic engine oils and are unaffected by racing fuels.
- Other features include a new silicon rubber anti-drain back valve, an improved pressure relief, a strong inner core and a heavy duty base plate with improved roll seal.

## K&N Stock-Replacement Oil Filters for Motorcycle

- State of the art filtration paper designed for maximum flow, yet dirt efficient to meet or exceed OEM specifications.
- Compatible with the latest synthetic engine oils and are unaffected by racing fuels.
- Other features include a new silicon rubber anti-drain back valve, an improved pressure relief, a strong inner core and a heavy duty base plate with improved roll seal.

**K&N Stock-Replacement Oil Filters for Motorcycle**

- State of the art filtration paper designed for maximum flow, yet dirt efficient to meet or exceed OEM specifications.
- Compatible with the latest synthetic engine oils and are unaffected by racing fuels.
- Other features include a new silicon rubber anti-drain back valve, an improved pressure relief, a strong inner core and a heavy duty base plate with improved roll seal.

## K&N Stock-Replacement Oil Filters for Motorcycle

- State of the art filtration paper designed for maximum flow, yet dirt efficient to meet or exceed OEM specifications.
- Compatible with the latest synthetic engine oils and are unaffected by racing fuels.
- Other features include a new silicon rubber anti-drain back valve, an improved pressure relief, a strong inner core and a heavy duty base plate with improved roll seal.
